

CARE PLAN

The Greenside Dental Care Plan is an easy way to spread the cost of routine dental care with regular monthly payments, guaranteeing that you keep your dental health in check at regular intervals and minimising the need for treatment. There are numerous benefits included with the plan.

The Benefits Of The Greenside Dental Care Plan Include:

- Free assessment of emergencies and dental pain with any temporary treatment required, carried out at the practice within normal working hours.
- All treatment planning for future dental needs including study models.
- 10% reduction of any laboratory based treatments e.g. crown and bridgework.
- 10% reduction off any fillings.
- 10% reduction off any other dental work e.g. extractions.
- Free antibiotics when required.
- 25% discount off all sundry items e.g. Toothbrushes.
- Children registered with NHS can be seen during private clinics with parents.
- Advanced booking and courtesy reminder for examination appointments.

If you have any queries, please ask any member of staff.
