

November Newsletter

Your Local Dental Clinic - Caring for your smile

As the year draws to a close, we're thrilled to share some exciting news, fantastic offers, and a few reasons to smile this season!

New Patient Offer

Due to popular demand, our New Patient Offer is continuing!
For just £100, new patients will receive:

- A full new patient dental examination
- A complimentary hygiene visit (worth £65)
- A free consultation with our Treatment Coordinator

Please share this offer with friends or family who might be looking for a new dentist — we'd love to welcome them to Greenside Dental Care!

Patient Referral Scheme

We're so grateful for every recommendation!

For every new patient you refer to us, you'll receive a £20 M&S gift voucher as a thank-you.
(Just make sure your friend mentions your name when booking!)

Plus — every quarter, all patients aged 18+ are automatically entered into our £50 M&S voucher giveaway — another way we love to say thank you for being part of our practice family.

Consultation with Our Treatment Coordinator

Considering a new smile? Our Treatment Coordinator offers free consultations to discuss options including:

- Dental Implants
- Invisalign
- Fixed Orthodontics
- Composite Bonding
- Smile Makeover

This is a fantastic opportunity to explore your treatment options and costs — with no obligation to book a dental appointment.

Special Offer:

Book your consultation during November and proceed with treatment (minimum value £500), and you'll receive a £20 M&S voucher as a thank-you!

Mouth Cancer Awareness Month

November is Mouth Cancer Action Month, and we're proud to support this important campaign.

Early detection saves lives — so we encourage all patients to:

- Attend regular dental check-ups (we routinely screen for signs of mouth cancer)
- Look out for persistent mouth ulcers, red or white patches, or unusual lumps
- Book an appointment if you notice anything that doesn't feel right

Your dental examination isn't just about your teeth — it's a vital opportunity for us to check your overall oral health too.
